

Attention: I-95 Exit Closures

MaineDOT, the Maine Turnpike Authority, and the New Hampshire Department of Transportation are collaborating to make necessary improvements to the iconic Piscataqua River Bridge. While there has been minimal disruption over the summer, we now need to close Exit 1 in Maine and the Exit 7 northbound on-ramp from Market Street in New Hampshire.

Safety is our top priority, and that is why we need to close these ramps for an extended period.

As the project expands, the lane and shoulder restrictions on the bridge approaches leave less room for traffic to safely use these on- and off-ramps.

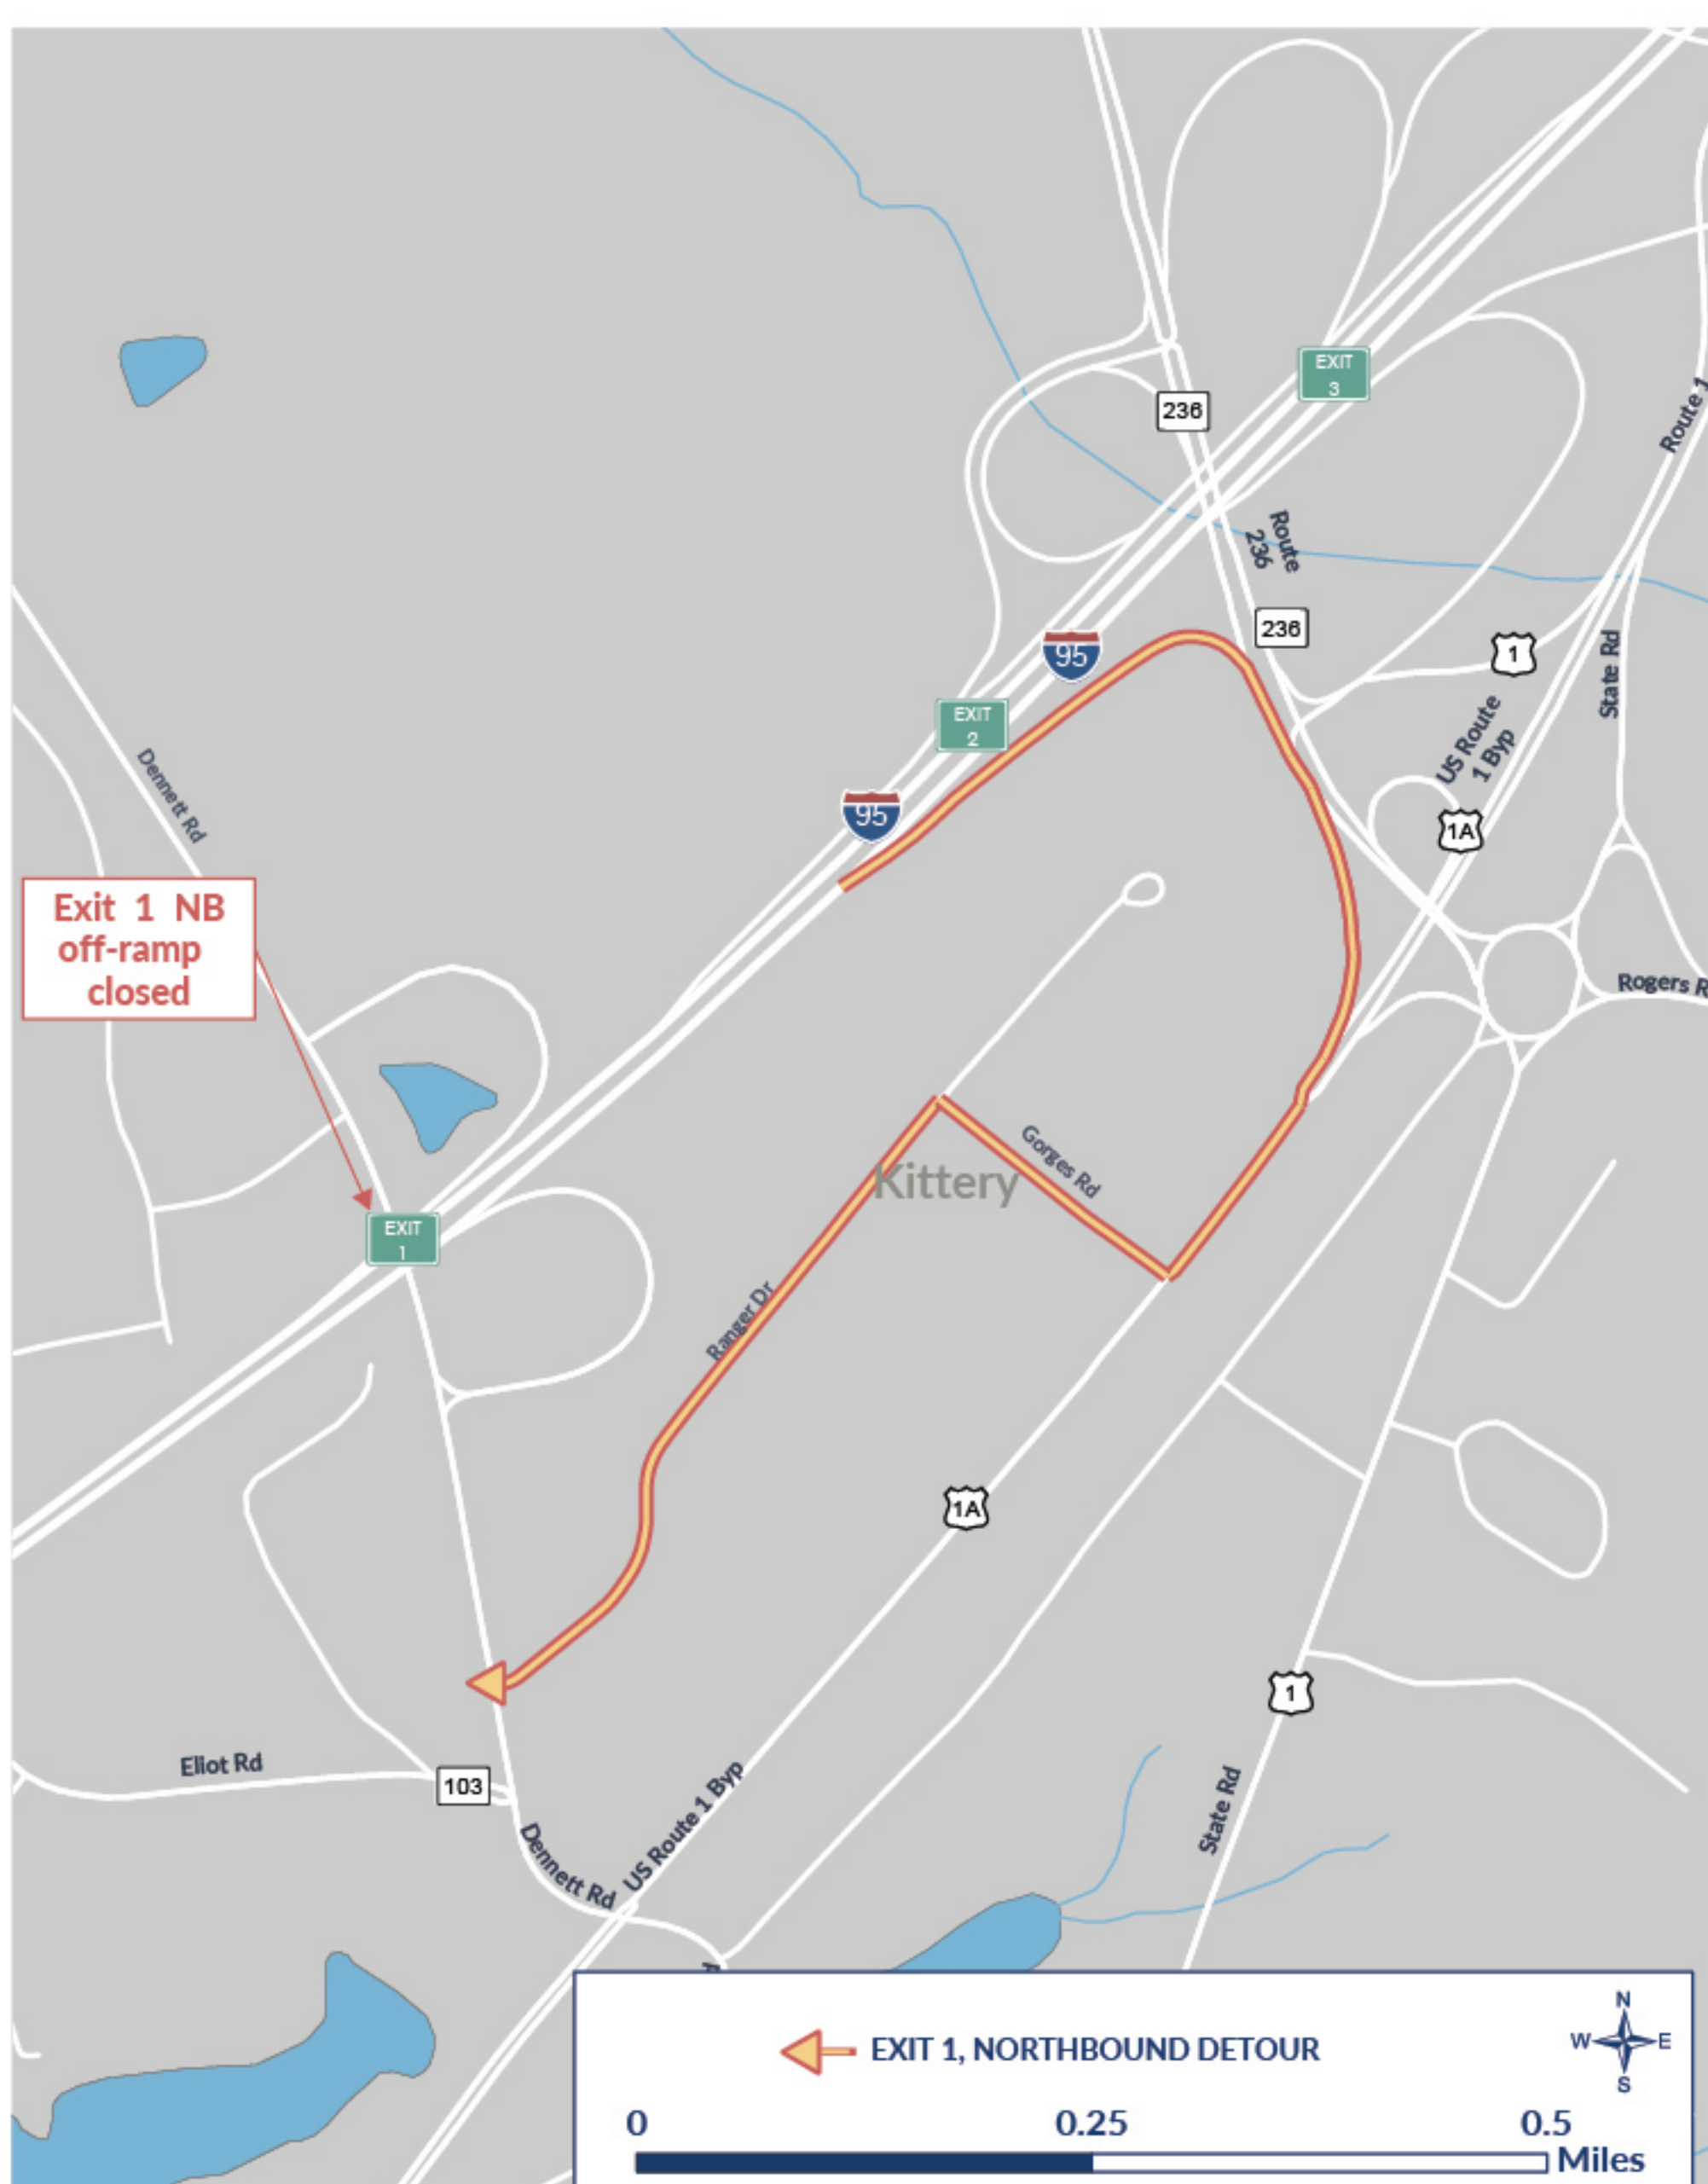

We know these closures create inconveniences, but we trust drivers and residents will understand that these changes are necessary to ensure the safety of both the traveling public and our crews.

Please remember to drive carefully on the detour routes and observe work zone speed limits. Construction is weather-dependent, so this schedule may change.

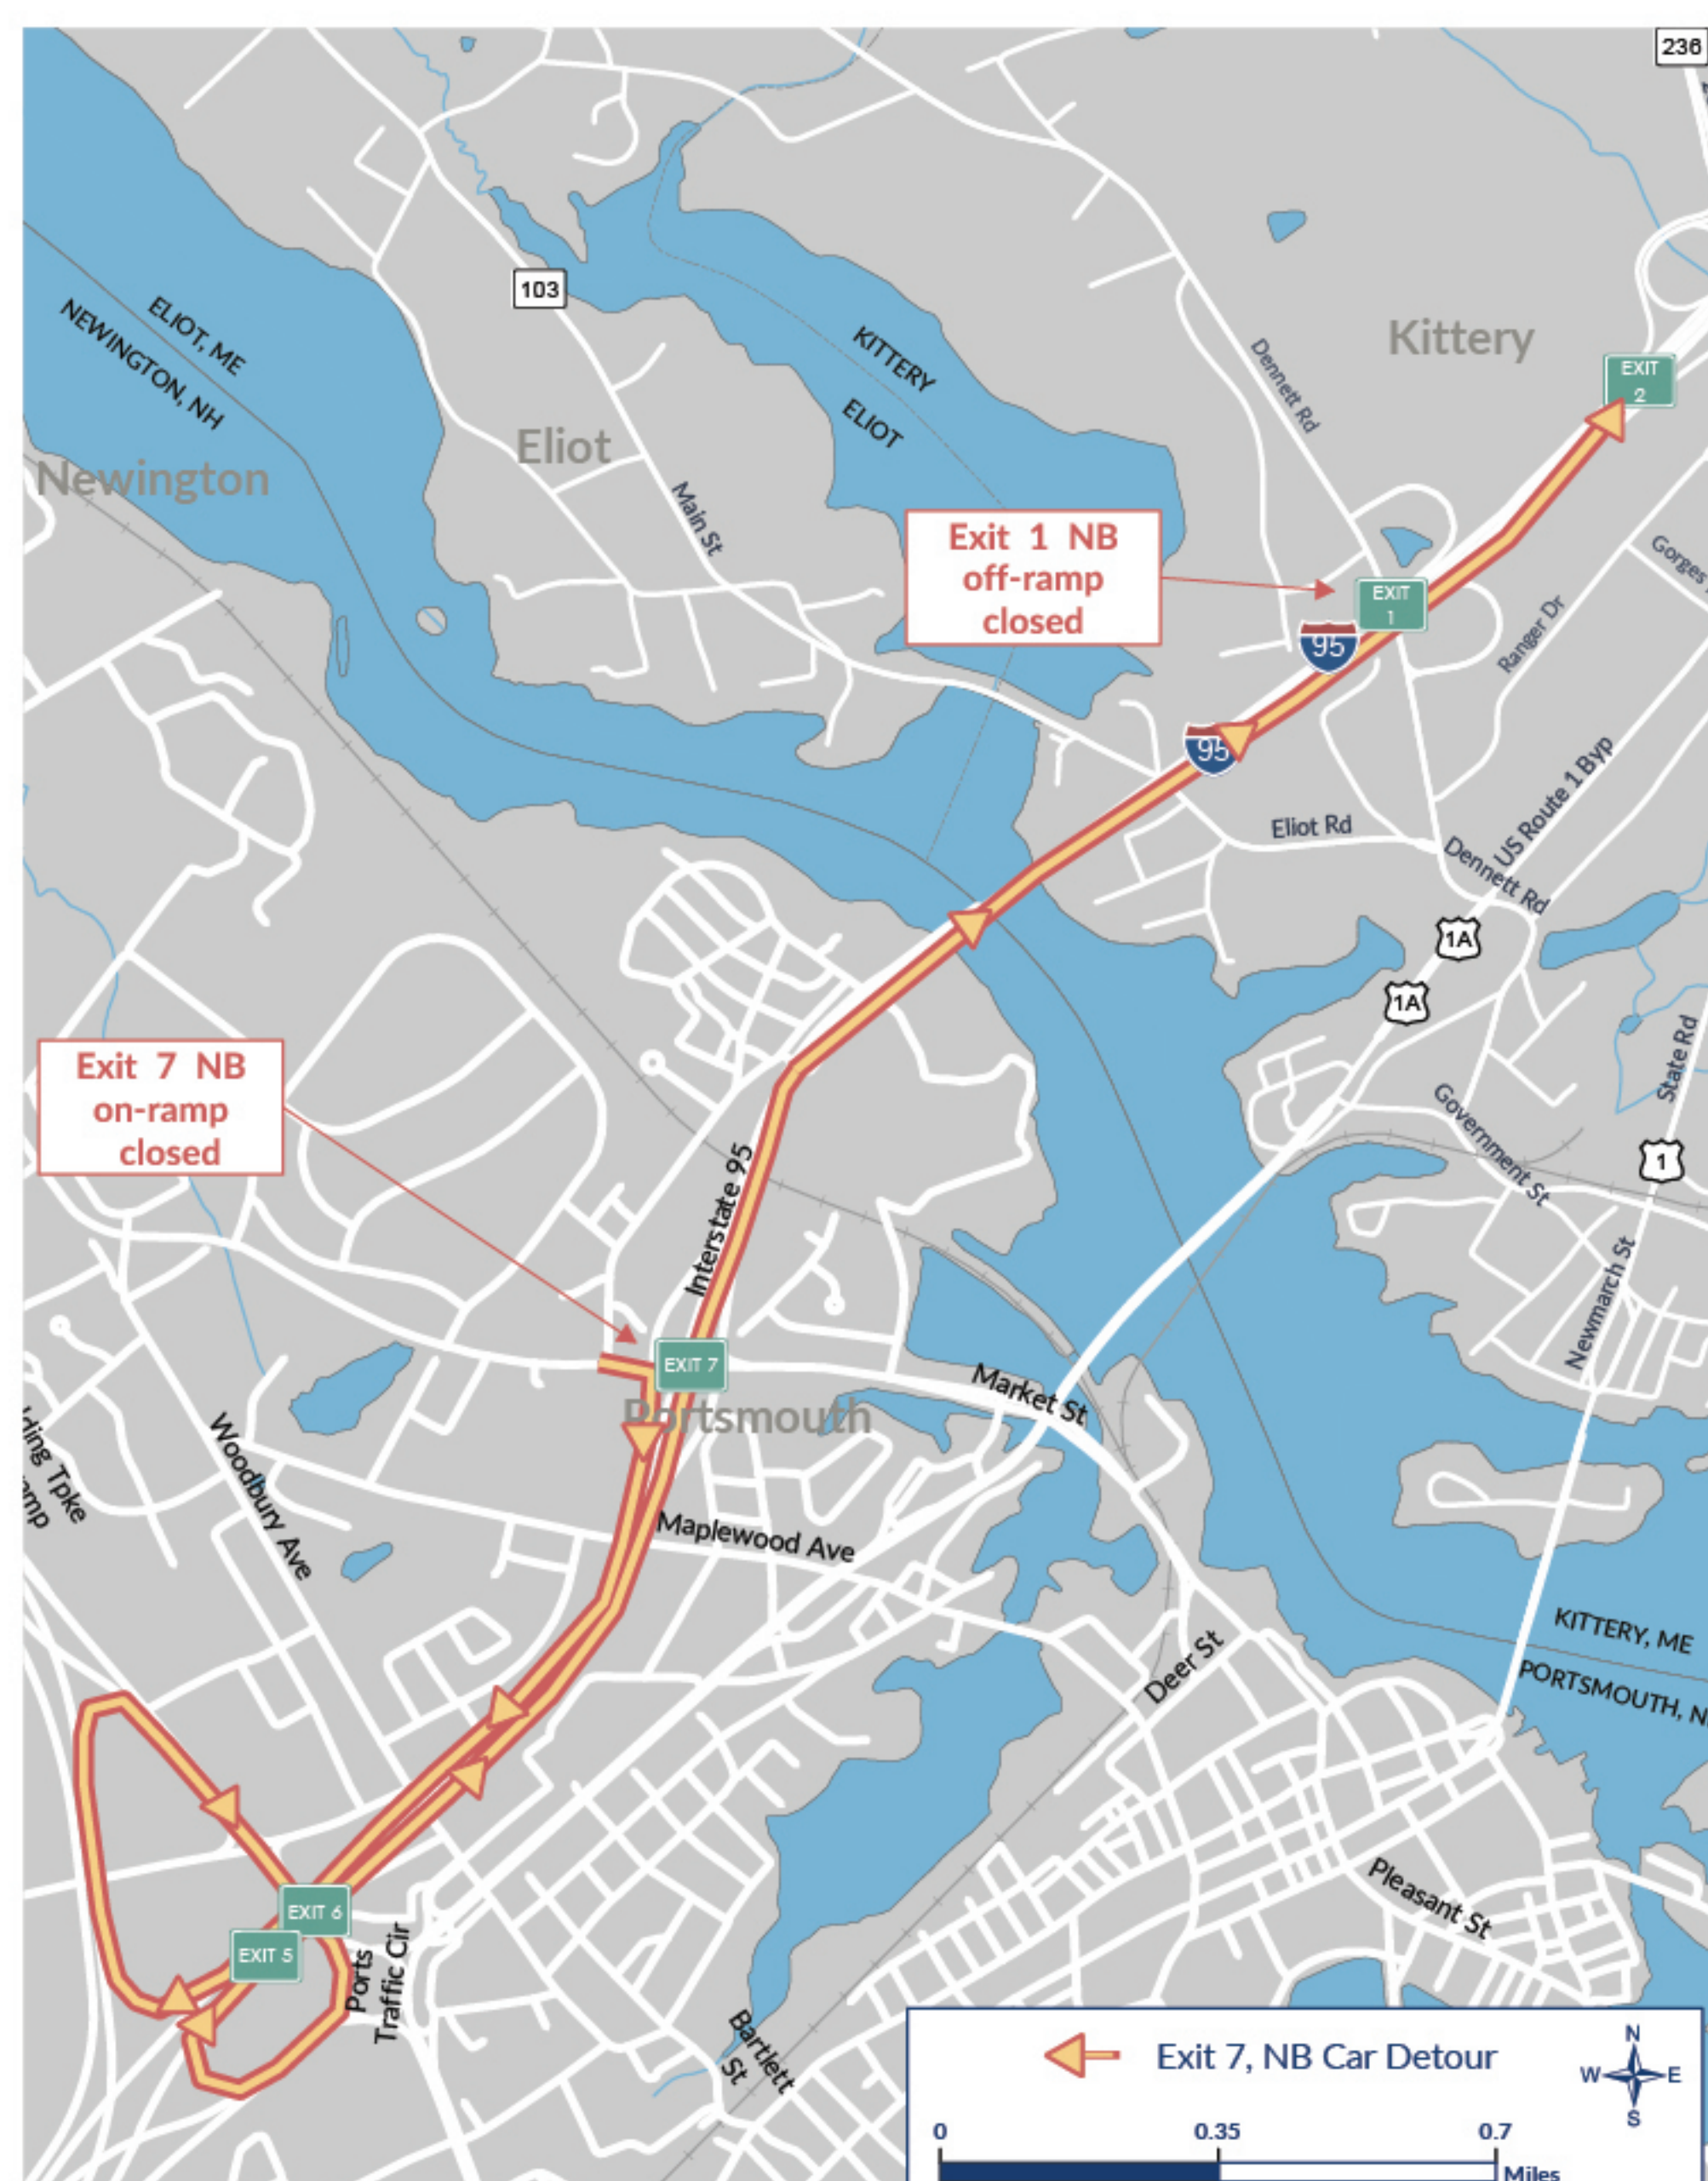

CLOSURE INFORMATION:

- Exit 7 – Northbound on-ramp for Market Street in Portsmouth from 11-12-19 to 5-14-20
- Exit 1 – Northbound off-ramp to Kittery from 10-24-19 to 10-01-21
- Exit 1 – Southbound on-ramp from Kittery from 6-18-19 to 10-01-21

Exit 1, Northbound Detour

Exit 7, Northbound On-Ramp Car Detour

Detour for Exit 7 northbound on-ramp closure:

Take Exit 7 southbound on-ramp. Head south on I-95 to the Portsmouth Traffic Circle at Exit 5 to access I-95 northbound.

Truck detour for I-95 northbound on-ramp closure at Exit 7:

Head east on Market Street to Submarine Way. Take a left onto the U.S. Route 1 Bypass northbound over the Sarah Mildred Long Bridge. Follow signs to the I-95 northbound on-ramp at Exit 3.
